

## To oil the wheels of advisory...

MB-PARTNERS  
**HÍREK**

At the end of March, Levente Kovács joined us as analyst from the Treasury department of Hungarian Oil Company, MOL. Levente graduated at the Corporate Finance Faculty of Corvinus University last year. He didn't get much time to settle in. His colleagues threw him in at the deep-end of financial modelling. Zsuzsa Lipták, a year 4 student at Corvinus University, became a member of our team in early March. Zsuzsa initially expressed interest in a 2-hour-month thesis consultation, but at the first meeting upgraded for a “20” hours per week traineeship. Reportedly, since then, the municipality initiated the replacement of Zsuzsa's address ID card... Katalin Szabó is joining us on 7 April, as receptionist. Kata, who speaks fluent German, previously worked in telephone selling, but we would like her to help us with organising client meetings and the affairs of our Budapest and Vienna offices.
